

I plan to redesign the book reviewing function on the site GoodReads.

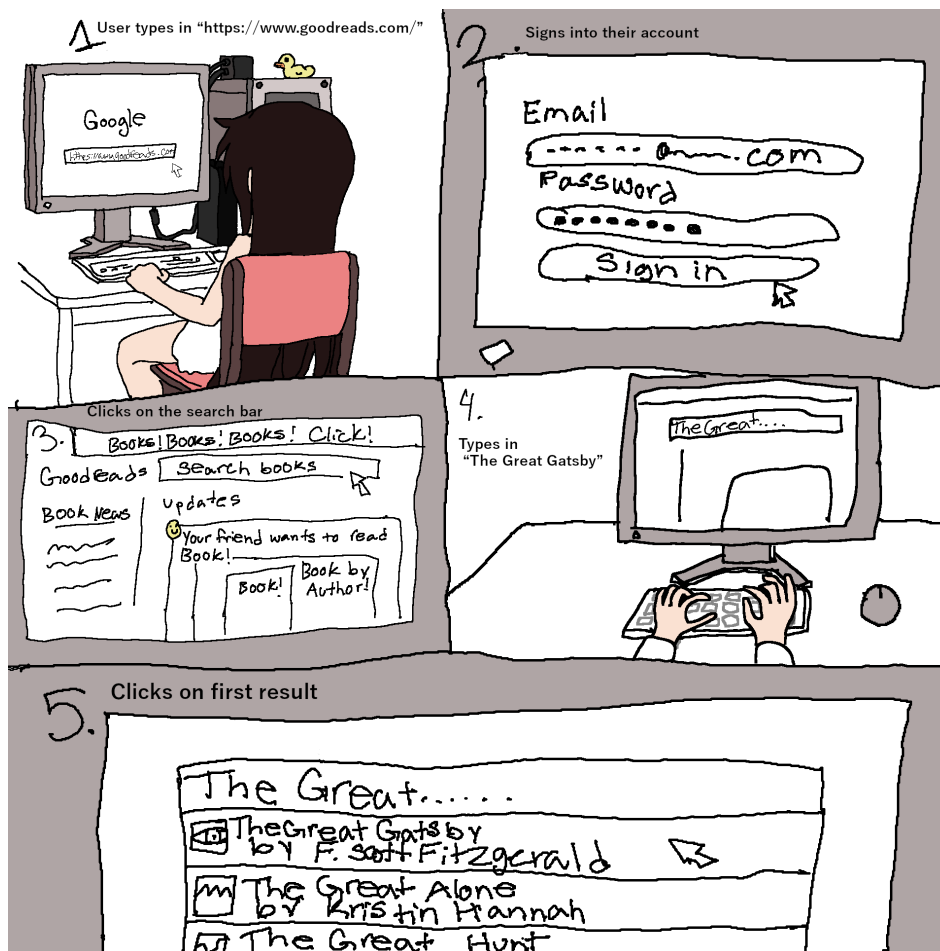

Scenario

A user wants to review the book *The Great Gatsby*. They wish to rate it 3.5 stars and format their review with italics so they can say “*The Great Gatsby* was a good book”.

Storyboard 1

Task 1: Please complete a search for *The Great Gatsby* by F. Scott Fitzgerald.

1. User types in “<https://www.goodreads.com/>”
2. Signs into their account
3. Clicks on the search bar
4. Types in “The Great Gatsby”
5. Clicks on first result

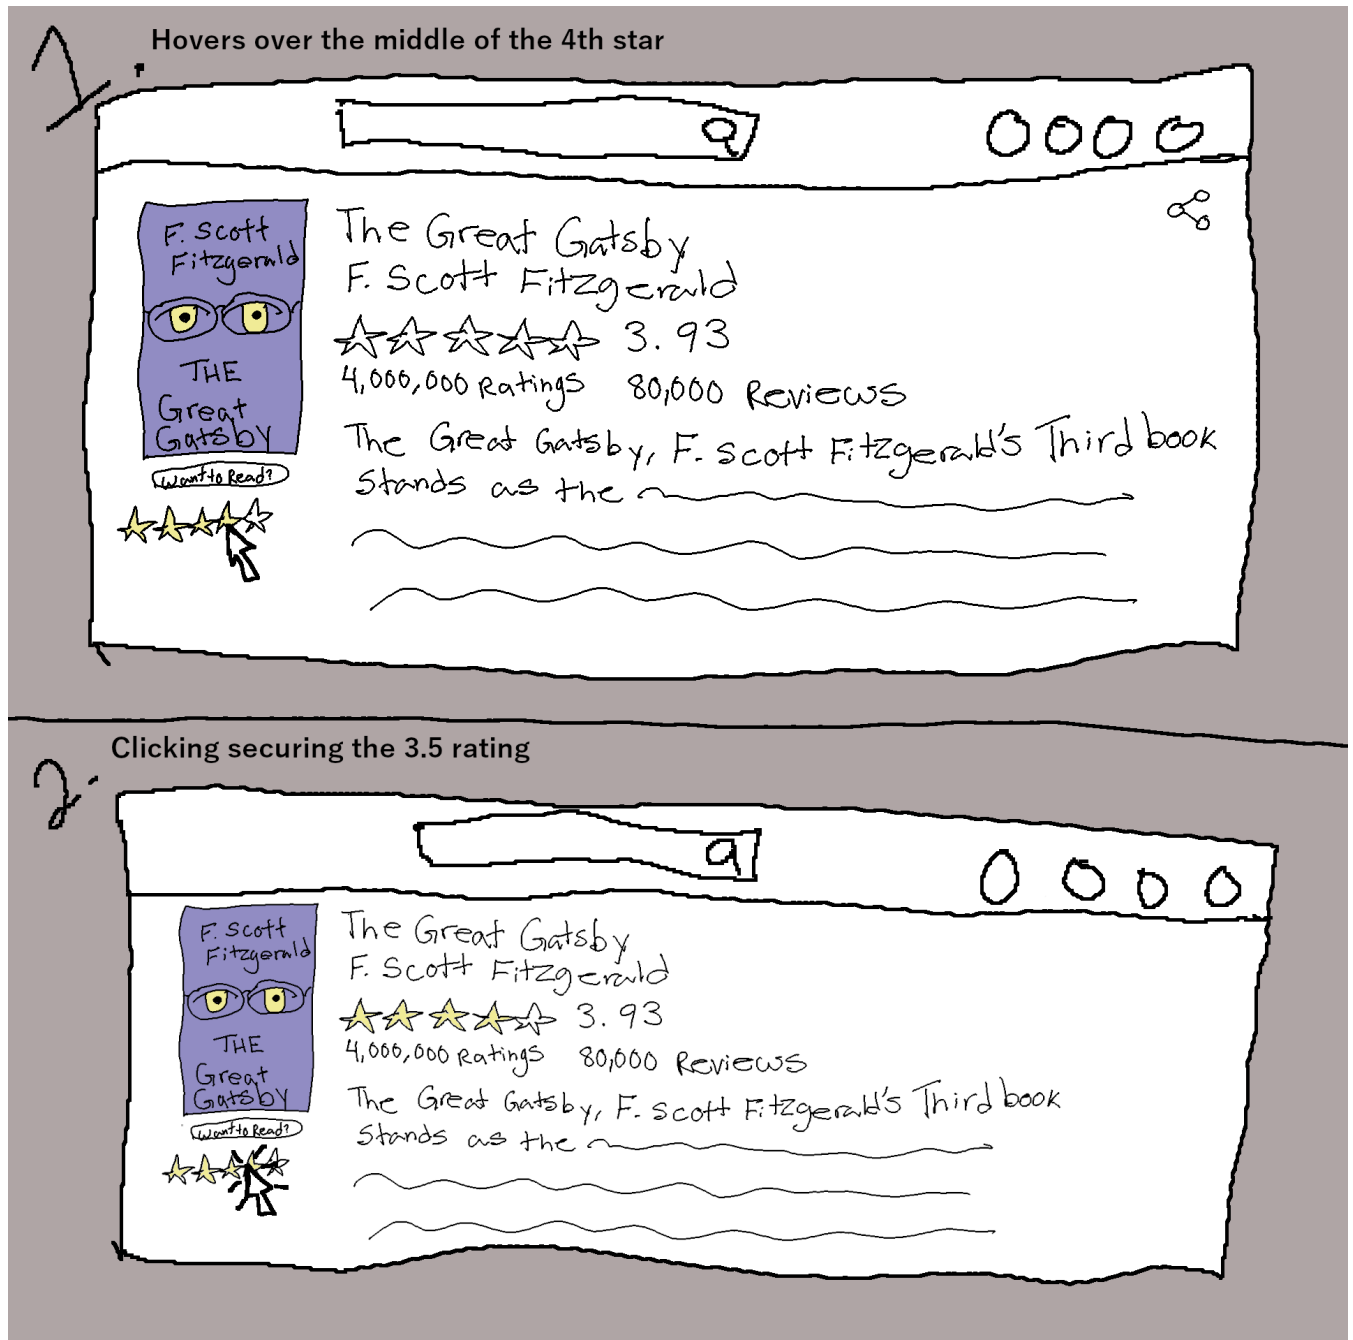

Storyboard 2

Task 2: Please rate the book as 3.5 stars.

1. Hovers over the middle of the 4th star

2. Clicking securing the 3.5 rating

Storyboard 3

Task 3: Please add italics to a review.

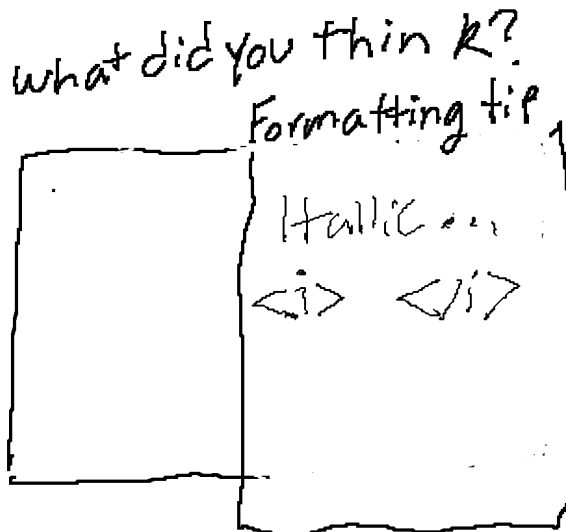

1. Clicks on “write a review”

2. Clicks on formatting tips to find how to italicize
3. Write "*The Great Gatsby* was a good book"
4. Save

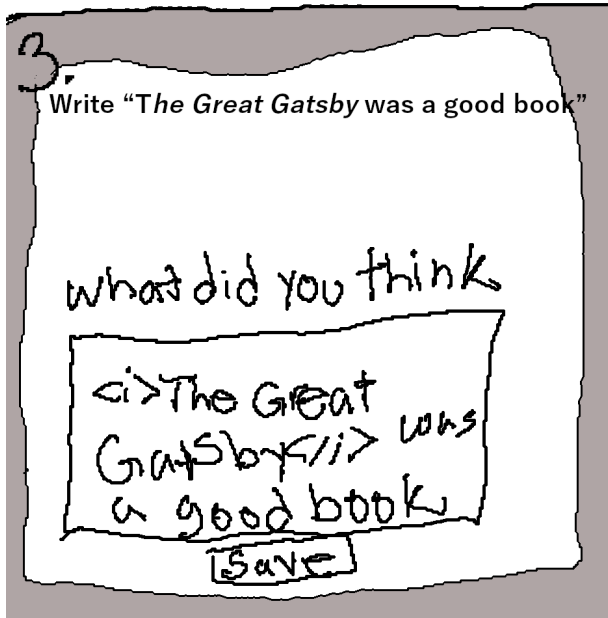

1. Clicks on "write a review"

2. Clicks on formatting tips to find how to italicize

3. Write "*The Great Gatsby* was a good book"

4. Save
